### Maximum Flexibility and Savings

LifePlus Gasket™ provides superior sealing performance and longer life compared to standard PVC gaskets to better lock in refrigerated air and save on energy costs. Made of long-lasting thermoplastic elastomers (TPE), LifePlus Gasket retains tight sealing performance throughout repeated thermal changes including anti-condensate heat cycles, and door openings and closings for greater energy efficiency, lower operating costs and decreased maintenance.

- Increase door gasket life by over 100%
- Excellent door sealing performance at low temperatures
- 1 year warranty
- Enhance customer shopping experience by eliminating air leakage

# LifePlus Gasket™

Seal in Energy Savings

LifePlus Gasket's excellent elastic recovery over a wide temperature range retains tight sealing performance throughout repeated door openings and closings, anti-condensate heat cycles and other thermal changes. Compared to standard PVC gaskets, LifePlus Gasket assures significant energy savings, superior sealing and longer life.

### Applications:

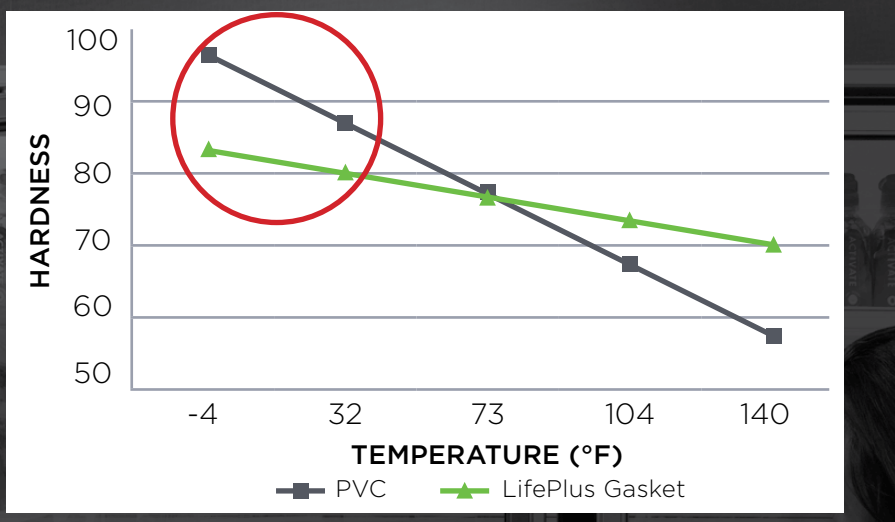

- Cooler and Freezer
- Retrofits onto all Anthony doors with Aircell door gaskets

### Standard Features:

- Magnetic Door Gasket for Tight Seal
- NSF, FDA, UL and RoHS certifications

### Compatible with Anthony Models:

- 401 Series
- 101 Series
- Infinity 090
- Eliminaator Renu

Measurements of material hardness, clearly showing the benefits of LifePlus Gasket versus PVC gaskets: greater flexibility and reduced gasket deformation vs. PVC at colder temperatures (see red circle) allows for tighter door seals when applied to coolers and freezers.

### Keep it Anthony Authentic

Look for the Anthony logo on your LifePlus Gasket.
